

Dear participants,

We are close to the FOF2021 to be held virtually from April 26th to 30th and we would like to share a few details of the development of the meeting.

The links for the discussion sessions will be available at the webpage (<http://fof.oac.uncor.edu/2021/>).

The program can be seen on the official website ([full program and sessions](#)).

We have reserved an hour after each session as extra time that can be used if further discussion and brainstorming is necessary. At the beginning of each session the corresponding speakers will make a brief presentation regarding their talks.

Poster sessions will begin with a brief one minute review of each poster followed by questions and discussion. Posters are available at the webpage.

The pre-recorded talks will be on the [OAC YouTube channel](#) in playlists according to the day of the week and sessions ([Monday](#), [Tuesday](#), [Wednesday](#), [Thursday](#), [Friday](#)), and can be accessed from the FOF2021 page.

We look forward to seeing you virtually next week.

Best regards,

LOC
