

8th FRIENDS OF FRIENDS MEETING

SIXTH ANNOUNCEMENT

Dear participants,

We are only a few days away from the FoF Meeting 2018, to be held in the city of Córdoba from April 3 to 6, 2018. We are pleased to announce that the preparations are almost ready and we will be able to enjoy four excellent days of astronomy with colleagues from different parts of the world.

We also want to confirm that on Thursday night, April 5, there will be a dinner for the participants who confirm assistance at the registration desk. The price will be AR\$150 and it will include a reception of empanadas, a dinner with juice or red wine and veal sandwiches, music and karaoke. The appointment will be in the same place as the Meeting, the Córdoba Astronomical Observatory (OAC), starting at 9:00 PM.

Finally, we would like to remind those participants who registered for poster presentation that their maximum size should be 80cm wide x 100cm long. More information regarding the venue and program can be found in the webpage, <http://fof.oac.uncor.edu/>

See you next week in Cordoba,

FoF2018 LOC
